**RULES**

- Office Golf consists of playing a ball with a putter **from the teeing ground** (marked by two blue tees, see **pic. a**) into the hole (white plastic ring, see **pic. b**) by successive strokes.
- Order of play: The ball farthest from the hole is played first.
- The ball is holed in when **touching the ground inside the plastic ring** and coming to rest **not farer away than 42cm** from the hole (**pic. c**).
- The ball **may touch the putter, the ground and the hole only**. The flagstick must be removed before holing in.
- Any accidental contact of the ball with walls, doors, furniture (including curtains and plants) or the flagstick, will be charged with **one penalty stroke**.
- The score has to be pronounced before noting down (loud counting is a plus). Each player has 8 strokes per hole. If the ball does not hit the target with 8 strokes, 9 strokes will be registered.
- Water hazard**: The ball is lost in the water hazard (denoted by a red line) and the player must, under **penalty of one stroke**, play a ball as nearly as possible at the spot from which the original ball was last played.
- The player may deem his **ball unplayable** at any place on the course. If the player deems his ball to be unplayable, he must, under **penalty of one stroke**, play a ball as nearly as possible at the spot from which the original ball was last played
- At the end of the course, the strokes will be summarized.
- The player with the least strokes wins. In case of a tie, the game goes on to make a decision between the participants.
